RE: Request for Permission to Replicate Microchip Technology Incorporated ("Microchip")
Copyrighted Materials in a Book

Dear Srikanth:

You have requested permission to replicate certain Microchip copyrighted materials (hereafter "Materials"), which are listed below on Schedule A, as part of an open source book and/or electronic version of the publication titled "PIC18 Microcontroller Basics & Design of Embedded Systems Srikanth Manam, S Srinivasulu Raju, Madhu Kumar Patnala" (hereafter "Book").

We appreciate your interest in Microchip's products and are pleased to grant to you a one-time, non-exclusive worldwide right to replicate the Materials subject to the following conditions necessary to protect Microchip's valuable intellectual property rights: ***If you do not agree with these terms, then you are not entitled to download or use the Materials for the requested use or for any use other than personal use.***

1. Any replication of any portion of the Materials may be used solely by you in the aforementioned Book. It does not cover any subsequent editions.
2. You must obtain the Materials directly from Microchip.
3. The Materials cannot be modified by you in any manner other than translation into other languages. You are responsible for ensuring that Book is accurate and complete in all respects.
4. The following copyright notice must be included as part of the Book wherever copyright notices will be placed:

This publication contains copyrighted material of Microchip Technology Incorporated replicated with permission. All rights reserved. No further replications may be made without Microchip Technology Inc.'s prior written consent.

5. You must properly acknowledge Microchip's trademarks. Enclosed is "Use of Microchip Trademarks and Brands – Guidelines for Customers, Licensees and other 3rd Parties". If

you have any questions on the proper manner in which to acknowledge Microchip's trademarks, please contact me.

6. Please be advised that Microchip Material may contain data that is considered "technical data" subject to Export Control Regulations of the United States government (with respect to the export or re-export of the Materials). You are responsible for complying with such regulations.
7. You do not acquire any intellectual property rights or license to Microchip Material under this Letter except the limited rights set forth herein.
8. If you fail to comply with any of the conditions in this letter, the rights granted herein will automatically terminate.

In closing, we want to express again our appreciation of your support of Microchip and its products. Please send us a copy of your publication for reference. If we can be of further assistance, please do not hesitate to contact me.

Very truly yours,

MICROCHIP TECHNOLOGY INCORPORATED
